WBUS 608 - Certified Nurse Assistant Training and Development Program

The comprehensive Certified Nurse Assistant Training and Development program meets current learning needs identified by employers and students. Along with the complete mandated CNA program content, lab work, and clinical experience, this full program offers a more thorough experience with training and professional development, networking, and support for up to four months beyond the completion of the basic class. These enhancements promote greater opportunity for students to build skills and enrich job engagement along their career pathway with the goal to improve retention of quality employees for participating employers.

CLASS LOCATION:

Monroe Community College, Downtown Campus
321 State Street
Rochester, NY 14618

CLINICAL LOCATION: at affiliating site determined prior to the start of class.

CNA PROGRAM DETAILS:

- Pre-training networking: meet previous students, current cohort group, site staff and resources.
- 24 program days; includes class, labs, 2 clinical groups, and NYS exam
 - 8:00am - 4:30pm M - F (for class and labs)
 - 6:00am - 2:00pm OR 7:00am - 3:00pm M - F (for clinical)
- Follow-up training: 3-4 additional development sessions in topics such as collaboration, adaptability, management and supervision, and customer service.

REQUIRED ENROLLMENT CRITERIA:

- High school diploma or GED.
- Successful completion of interview and information session.
- Prior experience in long term care preferred.

(If you have no prior experience a shadow/ observation time will be scheduled.)

Potential students must attend an open enrollment session and an interview prior to selection into the class. Once a student is selected, they must complete a health form and meet with at least two support resources before the start of class.
