Homeland Security Certificate

HOMELAND SECURITY PROFESSIONALS PROVIDE SERVICES THAT ARE ESSENTIAL TO THE WELL-BEING OF OUR NATION AND THE WORLD. The field of homeland security represents one of the fastest growing areas of today's job market. Graduates of this program will find career opportunities in all levels of government service and the private sector.

PROGRAM DESCRIPTION

The Homeland Security Certificate Program is designed for new students entering this field, and current practitioners seeking to enhance their professional development. Opportunities in the public and private sectors related to homeland security include: safety and compliance, enforcement, investigations, computer security, emergency response, and other related safety and security fields. It is designed to equip students with the knowledge and skills needed to effectively deal with the challenges facing America in the arena of homeland security. This certificate provides an introduction, then expands to specific areas in advanced level courses that stress detection, protection and recovery issues for government, cyber security, health care providers, businesses, citizens and first responders

"We depend on professionally trained first responders to provide the security we cherish. This program ensures that training"
